

ENERFLOW INDUSTRIES INC.

John Power General Manager

Mark Williamson and Larry Lindholm, Directors of Enerflow Industries Inc. are pleased to announce the appointment of Mr. John Power as General Manager of Enerflow Industries Inc. (USA) Tulsa, Oklahoma.

Mr. Power brings to Enerflow Industries more than 30 years of industry experience. John has been involved in the operation and manufacturing of Oilfield Service Equipment with such companies as Dowell Schlumberger and most recently with TEM/NOV (Tulsa Equipment Manufacturing).

Enerflow Industries proudly offers the most advanced oilfield equipment and controls available today. The Company has earned a solid reputation in developing custom fluid pumping, blending, cementing, coil tubing, service rigs, drilling, and associated equipment for the oil and gas industry world wide.

Enerflow invites Mr. John Power's former colleagues, friends and associates to contact him at Enerflow Industries Tulsa.
